

Silent Night

version in B flat major

I have written out five transcriptions of this carol/song's melody, which should work when played alongside my accompaniment recordings in this specified key. I have tried to keep the melodies as faithful as possible to the widely recognised originals, but I have left articulation and dynamics to the performer's discretion. These scores are not for resale or to be considered definitive arrangements, and I would have to caution against using them for purposes other than with my tracks!! I hope you enjoy using the recordings, Merry Christmas :)
